SUBJECT: Request for Assignment of a Finance/Certifying Officer to the [REDACTED] Station in the Summer of 1974 25X1A6a

d. The present Support Officer position at [REDACTED] is GS-12 and the incumbent is GS-13, whereas the [REDACTED] position and incumbent are GS-14. It seems plausible that the projected increase in activity in [REDACTED] coupled with the increased responsibility contemplated for a combined Finance/Certifying/Support Officer position would warrant the establishment of the position at a GS-13 or GS-14 level. 25X1A6a

e. Mr. [REDACTED] GS-14, the officer requested by the Chief of Station as a replacement for the present support officer, is now serving as Chief, Africa Budget and Fiscal office. He would be well qualified for the [REDACTED] position, having already served in a similar combined function capacity at [REDACTED] Station as the Finance/Certifying/Support Officer. His assignment to [REDACTED] logically would be dependent in part upon whether the position is raised to a GS-13 or 14 level. 25X1A6a 25X1A6a

3. Recommendation: I recommend that our reply to the Chief of Station indicate approval of his request for conversion from Class B to Class A Accounting and Reporting Procedures, but defer commitment for the present on [REDACTED] as the prospective designee for the new position. 25X1A9a
